... featuring Denali National Park, Wildlife, Flightseeing, Jet boats, Rafting, Glacier Viewing, Gold Panning, Glacier Treks & Native Cultural Centers !!

DAY ONE

ANCHORAGE: Upon arrival in Anchorage, if you arrive on the day of the tour, contact one of our preferred hotels for a courtesy transfer to one of our two pick-up points. Our representatives will meet you at approximately 11 AM, to begin the adventure with other guests as they arrive.

NATIVE HISTORY: Begin your Alaskan adventure with additional guests. Your guide will meet you out front of the lobby of your hotel. Our mini-executive coaches are GOLD with a bear on side. Travel across town to the spectacular Native Heritage Center, a renowned cultural center and museum, an exciting place where all people can come to expand their understanding of Alaska's first people. 11:30 AM – 3:00 PM AAU will provide a picnic lunch today at the Heritage Center.

Here, you will share the rich heritage of Alaska's eleven cultural groups drawing upon the life ways of long ago, the wisdom of our elders, and the traditions that endure. The Welcome House is a celebration of contemporary Alaska Native cultures while the outdoor facilities and sites allow the exploration of ancient tradition and the presentation of stories from the past. The Center provides a unique opportunity to experience Alaska's many diverse Native cultures at one location. In facilitating the transmission of Alaska Native knowledge, heritage and tradition, the Center promotes self-esteem and pride among Alaska Natives. The Alaska Native Heritage Center improves understanding among all Alaskans and encourages appreciation of Alaska Native people and their traditions, history, and contributions to Alaska. Use your first hour to eat your lunch at the picnic tables, and then enjoy dances, young people's sports, informative films, as well as a museum area. Finally, be sure to walk the trail to each local "dwelling" representing each native culture such as Aleut, Athabascan, Tlinquit etc. *Here you can choose to join a guided tour (check available times at the information desk) or you can download the App to hear a narrated tour for each dwelling as you walk the tour on your own.*

Upon leaving the Anchorage area, we will travel north to the Matanuska Valley, the farming belt of Alaska. Along the way, we will visit the native village of Eklutna. Enjoy the Russian Orthodox influenced Chapel and native influenced "spirit houses", while sharing in their cultural traditions.

Continuing north, we will pass the "Palmer Hay Flats", and the Knik Arm of the Cook Inlet. This tundra-covered lowland is home to wildlife and several species of birds. Upon arrival in Wasilla, a Meet & Greet Dinner will be provided at a local area restaurant. Overnight in comfortable lodging adding a remote feel to your adventure. **(AAU Sack Lunch & Meet & Greet Restaurant Dinner included)**

DAY TWO

GLACIERVIEW: This morning at 8:00 am, after included continental breakfast starts your day, AAU brings one of the most scenic drives in the state. As you head north to Glacier View, the Matanuska River winds its way north beside us, cutting a cavern of beauty through the Matanuska Valley. Several overlook stops reveals views of mountains, valleys, and glaciers in their full glory.

Next, you will have the option of choosing between two types of river rafting, slow float or white water. The "Glacier Run" float trip is great for relaxed sightseeing and photo opportunities. excursion lasts 2 ½ hours.

The "Lion's Head" raft trip offers the roar of whitewater. This is an excellent first-timers whitewater trip that is popular with experienced enthusiast as well. The most popular trip for over 28 years, this class III & IV whitewater experience offers you a hand-on adventure. This raft excursion lasts 3 ½ hours.

No experience is necessary to join in the fun; however, the terrain presents shale rocks, muddy silt, slippery ice, and small ice fissures. Intermittently placed picnic benches allow guests to choose their own participation level. Great photo ops from all picnic benches.

DAY FOUR

DENALI: Everything about Denali National Park is big: the scenery, the mountains, the incredible beauty, and the animals. Departure this morning is between 8-8:30 AM after your included continental breakfast in your room. Your guide will escort you to the Wilderness Access Center to embark on the Denali Park Shuttle Tour, an excellent way to spot the wildlife for which Alaska is so famous: moose, bear, wolves, caribou, Dall sheep.

Depending on departure dates, generally this tour begins at 9:30 AM with arrival at the center at 9:00 AM. The park shuttle (school bus style) stops every 1 hr 10 min. for restrooms and whenever wildlife is sighted as you travel. Opened in June 2008 the completely reconstructed Eielson Visitor Center was built as sustainable construction and features informative interpretive exhibits. This is the turnaround point, allowing 30 minutes to explore the visitor center or the surrounding area with a short hike. This shuttle time is 8 hours' roundtrip, including all stops. AAU arranges for and includes a picnic style sack lunch and beverage for the trip. So, bring your camera and binoculars and extra snacks if you need treats for the 8-HR bus ride.

Mount McKinley National Park was established in 1917 to protect its large mammals, not because of majestic Mt. McKinley. In 1980, the boundary was expanded to include both the Denali caribou herds wintering and calving ground and the entire Mt. McKinley massif. This more than tripled the size of the park and was renamed Denali National Park and Preserve. It was also designated an International Biosphere Reserve significant for the potential for sub-arctic ecosystem research.

Denali is an Athabascan word meaning "The High One". The mountain is officially named Mt. McKinley but is also referred to as Denali. Mt. McKinley is the highest peak in North America at 20,320 feet. It creates its own weather system and is often covered in clouds. Mt. McKinley is only visible about 1/3 of the time, so visitors to the park only have about a 30% chance of viewing Mt. McKinley.

Denali is one of the greatest wildlife viewing areas in the world. Visitors have a chance of seeing grizzly bears, caribou, moose, Dall sheep, foxes, and wolves. Many smaller animals also inhabit the park such as arctic ground squirrels, hoary marmots, pikas, snowshoe hares, and beavers. For those interested in bird watching, there are a variety of birds that migrate to the park for the summer. The list includes arctic tern, American golden plover, long tailed jaegers, the surfbird, arctic warbler, the

wheatear, willow ptarmigan, golden eagles, and ravens. Approximately 150 species live in and around the Denali area during the summer months. Your wildlife viewing will end around 4:30-5:30 PM. Our guide will meet you, and whisk you away to a relaxing dinner.

This evening, dinner is at a local hot spot featuring the Bus from the movie "With-in the Wild". Hosted at a local brewery, industrial warehouse style restaurant. Overnight again in the Denali area. **(Continental Breakfast & Sack Lunch included – Dinner meal not included, restaurant stop provided)**

DAY FIVE

Today is at your leisure in the Grand Denali National Park area. Many guests love the Visitor's Center and all it has to offer. From Alaskan movies, hikes, ranger talks, dog sled demonstrations, the park has much to enjoy. Or choose to visit "Glitter Gulch", the locals nick name for the boardwalk of shops with trinkets to prove "you were there"! Another option for the more active, is to get out there and enjoy the great trail system in the park, starting at the Visitors Center. A great beginning to moderate trail is "Horse Shoe Trail". As your guide for more information.

Discover the Muir Science Center and the great geology and wildlife of the park. A café is available right next to the Park Visitor Center as well as theater, bookstore and more. These are all included in your package. Your guide is available to help take you to your choice of above events or shops. DAY SIX

WASILLA: Rise & Shine, as the midnight sun never sets! Continental breakfast is included for you to begin your day. Around 9 AM, today experience spectacular views of Hatcher's Pass and the Independence Gold Mine, built in the early 1900's. Try your hand at gold panning, even though it won't pay for your vacation! We bring our own gold pans and just have fun trying the "real thing". This is not a salted trough. On a sunny day, you will be amazed at the "sparkle" in your pan, but is it real?

The park is open to hike and enjoy at arrival. However, the buildings are not open for walk-through viewing. A park naturalist is available after 11 AM when the Visitor Center opens, for about 30 minutes, to share the history of the mine, as well as flora & fauna of the area. Hatcher Pass is a favorite of guests, for its beauty, wildflowers, berries and wildlife and the best photography in later summer! This tour ends by 11:30 PM. Independence Mine does not open until June 15th, and sometimes later, depending on the snowmelt. So be aware that your tour may substitute this morning adventure with a fun trip to the Musk Ox Co-op, if snow is still in the pass. Lunch will be INCLUDED at a local area favorite restaurant.

PALMER: This afternoon, at 1 PM you will travel to Knik Glacier through the Butte, with arrival at 2 PM. Your adventure will take you aboard an airboat ride to Lake George, the base of Knik Glacier. Lake George, an ice dammed lake was once responsible for floods of cataclysmic proportions. Knik Glacier, 28 miles long, 6 miles wide and over 1000 feet thick, is one of Alaska's grandest natural attractions.

Knik Glacier, born in the Pleistocene Glaciation period (the beginning of the Ice Age) 600,000 years ago, covered the Anchorage bowl and the entire Cook Inlet. While it remains active, with motion imperceptible to the naked eye, this glacier is in a constant state of change. Participants should be able to step in and out of a Jet Boat or Air Boat window, which requires some agility. Participants should also be able to navigate a loose gravel trail with a slight incline. Participants must have the ability to walk unassisted.

After traveling all over the state of Alaska, the Knik Glacier always turns out to be a trip highlight. We consider ourselves very fortunate to live in such a magnificent landscape. It will be our pleasure to share it with you.

ANCHORAGE: At approximately 5:30 PM, your guide will take you to your Quality or Deluxe hotel (based on your package) for an evening of leisure. Located in Southcentral Alaska on the shores of Cook Inlet, the Municipality of Anchorage is a unique urban environment situated in the heart of the wilderness. There's a special mystique to Alaska. The name conjures up adventure, raw natural beauty -- glaciers, mountains and seas, unmatched the world around -- fascinating wildlife, a unique cultural heritage, and independent, pioneering people. Here you will find four-star restaurants and small cafes, an outstanding Museum of History and Art and a multitude of other fun activities. This evening, you will say good-bye to your AAU Guide. IF YOU WANT TO ADD A DAY TO YOUR TOUR PACKAGE.... Consider adding the following one-day Bear View. This tour requires an additional post night connecting hotel.

UPGRADE CHOICE: BEAR VIEWING /

\$895.00 pp (Plus Tax) Lake Clark National Park Bear Viewing

\$975.00 pp (Plus Tax) Katmai National Park Bear Viewing

Our premier Ursus Bear Habitat Encounter introduces you to two styles of observing large coastal bears feeding and interacting with their young in their natural habitat. This small plane adventure affords you the experience of participating in a photo safari across Cook Inlet to Katmai or Lake Clark National Parks. Silver Creek is a more personalized premium coastal viewing encounter landing on the beach with only 4-6 participants, seeing the bears in their natural habitat and the Katmai National Park offers the views of the bears feeding in the waterfalls from platforms with hundreds of other guests. Choose from the below two options for the BEST bear viewing adventure in Alaska!

LAKE CLARK NATIONAL PARK BEAR VIEWING (JUN, AUG & SEPT)

Lake Clark National Park is located on the western shores of the Cook Inlet. This ocean front setting is the ultimate bear habitat. The creek running through the middle of the prairie land is loaded with Silver Salmon, attracting a resident Brown Bear population to the area all summer long. The tall grass and Iliamna Volcano backdrop make for the best pictures.

Your Lake Clark National Park Bear Viewing Adventure Begins when you depart Anchorage on one of our aircraft and head south along the Cook Inlet. The flight in itself will be a spectacular flightseeing tour; this scenic route takes you by 3 active volcanoes, numerous salmon streams, glaciers, and other Alaskan sights. The flight down takes about 1 hour, once there the aircraft will land on the beach at low tide. Once you are on the ground, your pilot will give you a brief bear orientation

The Lake Clark Bear Viewing Begins after a brief bear orientation aimed at group safety. You will head out into this ideal bear habitat to watch these creatures interact with each other in the wild. Your pilot will take you through the park, adding to your safety and answering any questions you may have about the bears. The area is excellent for viewing the bears because of the layout and geography; it is a long stretch of prairie grassland and beachfront. Watch as they frolic in the grass with their cubs, dig for clams, and take afternoon naps. Lake Clark National Park is beginning to be well known as the best bear viewing in Alaska, and for good reason. This area is home mostly to Brown Bears, but it is not uncommon to see a few Black Bears in the area as well.

Mobility Impaired: This tour requires a moderate amount of walking on uneven terrain (approximately 1-2 miles) If you are concerned about you or someone in your party's ability to do so, please contact our office to review the options.

Our fly-out Katmai bear viewing adventure takes you to Brooks Falls, where three bear viewing platforms connected by elevated boardwalks allow for close, unobstructed and extraordinary bear viewing in Katmai National Park. In July, lured by spawning salmon, as many as fifty bears can be seen at once along the 1.5-mile Brooks River.

Katmai bear viewing at Brooks Falls is self-guided, but Katmai National Park Rangers provide an initial briefing upon arrival and are available for questions. An on-site wait list for the Lower River bear viewing platform may be implemented when visitation reaches capacity, to ensure quality bear viewing. Departing from Lake Hood, Anchorage, you fly over Cook Inlet, the Alaska Range, remote islands, before landing on either Brooks or Naknek Lake in Katmai National Park and Preserve. Katmai is home to the world's largest population of Alaska brown bears and the famed Valley of Ten Thousand Smokes – a forty square mile, 100 to 700-foot-deep ash flow deposited by Novarupta Volcano in 1912.
