In the Welcome House at the Native Heritage Center, you'll see a celebration of contemporary Alaska native cultures. The outdoor sites allow the exploration of ancient traditions and the presentation of stories from Alaska's past. DAY 4 - TALKEETNA: Next up, you're off to see Mt. Denali. Today will be a highlight of your Alaska adventure. You'll be stopping in the small, charming town of Talkeetna. Talkeetna is a local gem where three Alaskan rivers meet. It's also where you'll see one of the most photographed vistas in our state: the towering peaks of Denali, which are part of the Alaska Range. On this day, you'll be able to choose **ONE** of the following adventures to enjoy in Talkeetna:

ACTIVITY CHOICE ONE - DENALI FLIGHTSEEING:

1-HR flight time

(INCLUDED ON DELUXE PACKAGE ONLY OR \$250/ PP UPGRADE ON QUALITY)

(*GLACIER LANDING UPGRADE AVAILABLE / \$100 per person*)

- This magnificent flight takes you within six miles of Denali's summit - the highest peak in North America at 20,310 feet!
- All guests have a window seat and an experienced pilot-guide will highlight points of interest in the area.

ACTIVITY CHOICE TWO - RIVERBOAT:

2-HR cruise time

- This exciting adventure takes you on an enclosed jetboat where guests can see beautiful views of Mt. Denali from the river.
- Visit an authentic trapper's cabin and view how trappers lived in "Bush" Alaska at the turn of the century.

(Continental Breakfast included - Lunch & Dinner not included, restaurant stops provided)

ACCOMMODATIONS NEAR DENALI NATIONAL PARK

DAY 5 - DENALI: Today you have three options to explore Denali National Park!

Option 1: Denali Shuttle - RELAXED

Your chance to spot wilderness & wildlife from the Denali State Shuttle. Your guide will escort you to the Wilderness Access Center where you'll embark on the Denali Park Shuttle. The shuttle takes you deep into the park for a five-hour roundtrip tour, including stops. Keep your eyes peeled for a chance to see the Big 5: moose, Dall Sheep, caribou, wolves, and grizzly bears.

Option 2: Take a self-guided hike in Denali National Park - MODERATE

This is your chance to adventure on your own in the park. Our recommendation is the 2.1-mile loop around Horseshoe Lake. You will have views of the Nenana River & Glitter Gulch at the farthest end of the loop trail. There are multiple benches along the hike to relax and take in the views. There is a moderate climb back up to meet your guide but the scenery is unbeatable. Your guide can facilitate other hike options.

Upgrade Option 3:

Self-Guided 4-Hour Savage River E-bike Ride - \$99 - STRENUOUS

Leave right from Bike Denali and pedal yourself into the park. Experience the front country of Denali and go to Savage River. Navigate the steep terrain in undeveloped wilderness. E-bikes come with racks, panniers, bear spray with handlebar mount, and quality rain suits.

(Continental Breakfast included depending on accommodations - Sack Lunch included - Dinner not included, restaurant stop provided)
ACCOMMODATIONS NEAR DENALI NATIONAL PARK

DAY 6 - DENALI: Today is a day of leisure. There are lots of things to do and experience in and around Denali National Park. Guests may enjoy the scenery and activities provided at their accommodations (some accommodations provide kayaks). There are also various hiking options in and around Denali National Park. In addition, Denali National Park Visitor Center offers many activities for guests to enjoy (exhibits, movies, dog kennel tours, etc.).

Consider adding ONE of the optional **UPGRADE** adventures listed below:

1) ATV 4-Wheeler Adventure (2 hours):

- \$150 Single Rider**
- \$250 Double Rider**
- \$350 Triple Rider**
- \$450 Quad Rider**

Ride on several terrain types. There are coal mining trails, rocky creek beds, hills to climb, water to traverse, and mud crossings. Total tour covers about 10 miles. Approximately 1 1/2 hours on the actual trails.

**2) 9-Hole Tundra Golf:
\$124 Per Person**

Black Diamond is a challenging course with "Alaskan hazards," such as tundra marshes or even the occasional moose hoof print! The course is relatively short, which makes it accessible and fun for any style of play.

**3) Denali Zip Line (3 hours) :
\$160 Per Person**

Your adventure begins with a three-mile ATV trail ride to your launching point through the scenic Alaskan wilderness. After gearing up, certified guides will lead you along six sky bridges and seven thrilling zip lines. Over half a mile of zips including the dual racer finale!

(Continental Breakfast included based on accommodations - Lunch & Dinner not included, restaurant stops provided)
ACCOMMODATIONS IN WASILLA

DAY 7 - HATCHER PASS/KNIK GLACIER: Hatcher Pass is a favorite of guests. They love its beauty, wildflowers, berries, and wildlife. The best photography here is in later summer when the pass comes alive with color.

GOLD PANNING: Take in the beautiful scenery of Hatcher Pass while visiting Independence Gold Mine (built in the early 1900's). Try your hand at gold panning; we bring our own gold pans and have fun trying to strike it rich! A park naturalist is often available to share the history of the mine, as well as information about the flora and fauna of the area.

KNIK GLACIER BOAT TOUR: Your next adventure will take you aboard a riverboat as you travel to Lake George, which sits along the base of Knik Glacier. The Knik Glacier is one of Alaska's grandest natural attractions. The glacier was "born" in the Pleistocene Glaciation period (the beginning of the Ice Age) 600,000 years ago. Knik Glacier originally covered the whole Anchorage bowl and the entire Cook Inlet. This glacier remains active today. It's in a constant state of change, although the motion is imperceptible to the naked eye.

ANCHORAGE: Upon arrival in Anchorage, you'll say good-bye to your AAU tour guide. Early tomorrow morning, you will begin your AAU choreographed 2-day Kenai Peninsula adventure (featuring the Alaska Railroad and the Kenai Fjords).

(Continental Breakfast included - Lunch not included, restaurant stop provided - Dinner not included, many restaurants close to accommodations)

Anchorage Upgrades:

Lake Clark Bear Viewing (6-8 hours) \$1,150 per person + park fee

Your Lake Clark National Park and Preserve bear viewing adventure begins with a flight on a float plane heading south along the Cook Inlet. The flight takes you past three active volcanoes, over numerous salmon streams, near glaciers, and also offers you an aerial view of other Alaskan sights. The Lake Clark bear viewing begins after a brief bear orientation aimed at group safety. After the orientation, your pilot will guide you out into this ideal bear habitat to watch these magnificent creatures as they interact with each other in the wild. The creek running through this park is loaded with Silver Salmon (also known as "Coho Salmon"), which attracts the resident brown bear population to the area all summer long. This area is also excellent for viewing bears because of its layout; it's a long stretch of grassland and beachfront. Watch as bears frolic in the grass with their cubs, dig for clams, and take afternoon naps.

The flight for this bear watching adventure departs Anchorage at 9:00 AM and returns at 3:30 PM. (6.5 hours total—4 hours of bear viewing, 2.5 hours of flight time) Times are approximate and are for general planning purposes only.

**For the Mobility Impaired: This tour requires a moderate amount of walking on uneven terrain (approximately 1-2 miles). If you are concerned about your or someone in your party's ability to do so, please contact our office to review the options. **

Katmai Bear Viewing (8-10 hours) \$1,350 per person + park fee

With its estimated 2,200 brown bear population, Katmai National Park and Preserve is one of the best bear viewing spots in the world. Accessible only by air, this is Alaska wilderness in its rawest form. Lured by spawning salmon, in July as many as fifty bears can be seen at once along the 1.5-mile Brooks River that runs through the park. This adventure takes you to Brooks Falls, where three bear viewing platforms connected by elevated boardwalks allow for close, unobstructed, extraordinary bear viewing. Katmai bear viewing at Brooks Falls is self-guided, but Katmai National Park Rangers provide an initial briefing upon arrival and are available for questions. Rangers sometimes use an on-site wait list for the lower river bear viewing platform to ensure quality bear viewing for everyone.

This trip to Katmai National Park and Preserve includes:

- Two to three-hour scenic flightseeing tour from Anchorage, wildlife watching on return flight (beluga whales, moose, and Dall sheep)
- Katmai bear viewing at Brooks Falls (Watch them catch jumping salmon!)
- Window seat and 2-way headset (You can ask your pilot questions!)
- Detailed knowledge (and personality) of an experienced Alaskan bush pilot

Flight departs Anchorage at 8:00 AM and returns to Anchorage around 6:00 PM. (10 hours total—4 hours of bear viewing, 5.5 hours flight time) Times are approximate and depend on weather and plane type available.

****Minimum two people for guaranteed departure. Actual bear sightings cannot be guaranteed. Also, due to volatile weather in remote bear viewing regions, we HIGHLY recommend purchasing travel insurance.****
