DAY | 10: CHOOSE YOUR ADVENTURE:

Lake Clark Bear Viewing - 6-8 Hour Bear Viewing: \$1,250 per person

Your Lake Clark National Park Bear Viewing Adventure begins when you depart Anchorage on a float plane and head south along the Cook Inlet. This ocean front setting is the ultimate bear habitat. The creek running through is loaded with Silver Salmon, attracting a resident Brown Bear population to the area all summer long. The flight in itself offers a spectacular flightseeing tour; this scenic route takes you by 3 active volcanoes, numerous salmon streams, glaciers, and other Alaskan sights. The Lake Clark Bear Viewing begins after a brief bear orientation aimed at group safety. You & your pilot will head out into this ideal bear habitat to watch these creatures interact with each other in the wild. The area is excellent for viewing the bears because of the layout and geography; it is a long stretch of grassland and beachfront. Watch as they frolic in the grass with their cubs, dig for clams, and take afternoon naps.

- Mobility Impaired: This tour requires a moderate amount of walking on uneven terrain (approximately 1-2 miles) If you are concerned about you or someone in your party's ability to do so, please contact our office to review the options.
- What to Bring and Wear: Footwear – Rubber or waterproof boots. If you do not have any boots, Regal will provide you with a pair. Camera, binoculars – If you do not have any you may share some with the bear guide.
- Layered Clothing – Always be ready for any temperature range, bring a rain shell in case of rain

Flight departs Anchorage at 9 AM and returns to Anchorage at 3:30 PM - 6.5 hours total (4 hours of bear viewing, 2.5 hours' flight) Times are approximate and are for general planning only.

Katmai Bear Viewing - 8-10 Hour Platform Viewing: \$1,495 per person

The federally-protected Katmai National Park and Preserve is world famous for the largest population of Alaska brown bear viewing. Accessible only by air, this is Alaska wilderness in its rawest form. Our fly-out Katmai bear viewing adventure takes you to Brooks Falls, where three bear viewing platforms connected by elevated boardwalks allow for close, unobstructed and extraordinary bear viewing in Katmai National Park. In July, lured by spawning salmon, as many as fifty bears can be seen at once along the 1.5-mile Brooks River. Katmai bear viewing at Brooks Falls is self-guided, but Katmai National Park Rangers provide an initial briefing upon arrival and are available for questions. An on-site wait list for the Lower River bear viewing platform may be implemented when visitation reaches capacity, to ensure quality bear viewing. Katmai is also home to the famed Valley of Ten Thousand Smokes – a forty square mile, 100 to 700-foot-deep ash flow deposited by Novarupta Volcano in 1912.

- Two to three-hour scenic flightseeing tour from Anchorage
- Katmai bear viewing at Brooks Falls – watch them catch jumping salmon!
- Wildlife watching on return flight for beluga whales, moose and Dall sheep
- A window seat and 2-way headset; ask your pilot questions!
- Detailed knowledge (and personality) of an Alaska bush pilot

Flight departs Anchorage at 8 A.M. and returns to Anchorage around 6 PM - 10 hours. (4 hours of bear viewing, 5.5 hours' flight) Flight times vary depending on weather and plane type.

Minimum 2 persons for guaranteed departure. Bear sightings cannot be guaranteed. Due to volatile weather in remote bear viewing regions, we HIGHLY recommend travel insurance, to receive a full refund.

DAY | 10: CHOOSE YOUR ADVENTURE:

Turnagain Turn Tour- 6 Hour: \$185 per person

This full-day tour from Anchorage is perfect for a pre-tour or post-tour add-on. Visit the quaint town of Girdwood and a favorite local eatery for late lunch (included). After lunch, ascend the side of Mount Alyeska aboard an aerial tram. From the top (weather permitting), take in views of several hanging glaciers and the upper reaches of this temperate rainforest, and watch for the occasional black bear foraging along the tram route during the early summer months.

Next, tour the Alaska Wildlife Conservation Center, a 200-acre natural habitat that provides wildlife education and rehabilitation for some of Alaska's favorite animals! We will drive and walk approximately 2-miles through the Conservation Center's trails as you get close enough to observe some of our favorite land animals such as moose, reindeer, bison, musk ox, and wolves. While we cannot guarantee bears due to the size of their habitat, it is common to see brown and black bears at the Conservation Center. Make sure to take photos of wildlife with the amazing backdrop of the Chugach Mountains and Turnagain Arm.

- Tour includes a local guide
- An aerial tram ride up Mt. Alyeska
- Fresh lunch in Girdwood
- Alaska Wildlife Conservation Center tour
- Scenic photo stops along the way!
