DAY 2 | LAKE CLARK WILDERNESS & KATMAI BEAR VIEWING - 10-12 Hours

Today you will begin your Alaska Adventure by exploring two unique parks in a fly-out adventure over rugged wilderness. You begin the day at 6:30 AM with a private transfer from your Anchorage accommodations to Lake Hood Seaplane base to meet your pilot and head out to Lake Clark.

A scenic flightseeing trip from Anchorage to Lake Clark National Park gives you a chance to experience the vast untouched wilderness. Landing on Upper Twin Lakes in Lake Clark you will get a chance to visit Dick Proenneke's Bush Cabin built by hand and lived in for over 30 years!

Next stop is the federally-protected Katmai National Park and Preserve where you get a chance experience Brooks Falls, where three bear viewing platforms connected by elevated boardwalks allow for close, unobstructed and extraordinary bear viewing in Katmai National Park. In July, lured by spawning salmon, as many as fifty bears can be seen at once along the 1.5-mile Brooks River. Katmai bear viewing at Brooks Falls is self-guided, but Katmai National Park Rangers provide an initial briefing upon arrival and are available for questions. An on-site wait list for the Lower River bear viewing platform may be implemented when visitation reaches capacity, to ensure quality bear viewing. Katmai is also home to the famed Valley of Ten Thousand Smokes – a forty square mile, 100 to 700-foot-deep ash flow deposited by Novarupta Volcano in 1912.

- Two to three-hour scenic flightseeing tour from Anchorage
- Lake Clark National Park – Bush Cabin experience
- Katmai bear viewing at Brooks Falls – watch them catch jumping salmon!
- Wildlife spotting on return flight for beluga whales, moose and Dall sheep
- A window seat and 2-way headset; ask your pilot questions!
- Detailed knowledge (and personality) of an Alaska bush pilot

Flight departs Anchorage at 7:30 A.M. and returns to Anchorage around 8 PM – 12 hours. (5 hours of bear viewing)
Flight times vary depending on weather and plane type.

Minimum 2 persons for guaranteed departure. Bear sightings cannot be guaranteed. Due to volatile weather in remote bear viewing regions, we HIGHLY recommend travel insurance, to receive a full refund.

(Continental Breakfast included. Lunch & Dinner not included.)

CONTINUED ACCOMMODATIONS IN ANCHORAGE

DAY 3: ANCHORAGE & DENALI: This morning your day begins at 8:30 AM by meeting your guide in the lobby.

NATIVE HISTORY: Travel across town to the spectacular Native Heritage Center, a renowned cultural museum, where guests can learn about Alaska's first people. In the Welcome House at the Native Heritage Center, you'll see a celebration of contemporary Alaska native cultures, while the outdoor facilities and sites allow the exploration of ancient tradition and the presentation of stories from the past.

KENNEL TOUR: Upon leaving the Anchorage area, you will travel north to Willow to visit with Vern, a 30 year veteran dog musher. Vern will tell you the history of dog mushing in Alaska and about the famous Iditarod race. He weaves in the history of sled dogs from early native use to gold rush use to the famous Serum Run to Nome during the 1925 diphtheria epidemic. His explanation of the uniqueness of the Alaskan Iditarod race--its length, diversity of competition, and the NO HELP rule--is a history highlight. An action-packed ride with the sled dog team is the icing on the cake. There is no snow this time of year, so the dogs pull you in a free wheeled buggy. These buggies are what the dogs train with all summer long to get ready for their winter jobs. The wilderness trail you take goes over bridges and through the woods.

Later this afternoon, continue the adventure to Denali National Park, stop at South Denali View for spectacular photo ops and a chance to stretch your legs. Upon arrival in Denali National Park, this evening allows for a dinner stop in "Glitter Gulch", the area just outside the park entrance.

(Continental Breakfast included – Lunch & Welcome Dinner included. Restaurant stop provided)

2) 9-Hole Tundra Golf:

Black Diamond is a challenging course with "Alaskan hazards," such as tundra marshes or even the occasional moose hoof print! The course is relatively short, which makes it accessible and fun for any style of play. All equipment provided.

ACCOMMODATIONS NEAR DENALI NATIONAL PARK

DAY 05 | DENALI NATIONAL PARK: This morning you have three options to explore Denali National Park!

Option 1: Denali Shuttle – RELAXED

Your chance to spot wildlife & soak in the wilderness from the Denali State Shuttle. Your guide will escort you to the Wilderness Access Center where you'll embark on the Denali Park Shuttle. The shuttle takes you deep into the park for a five-hour roundtrip tour, including stops. Keep your eyes peeled for a chance to see the Big 5: moose, Dall Sheep, caribou, wolves, and grizzly bears.

Upgrade Option 2:

Self-Guided 4-Hour Savage River E-bike Ride– \$105 Per Person – STRENUOUS

Leave right from Bike Denali and pedal yourself into the park. Experience the front country of Denali and go to Savage River. Navigate the steep terrain in undeveloped wilderness. E-bikes come with racks, panniers, bear spray with handlebar mount, and quality rain suits. E-bike experience recommended.

Option 3: Self-guided Hike – MODERATE

Adventure on your own in the park. Our recommendation is the 2.1-mile loop around Horseshoe Lake. You will have views of the Nenana River & Glitter Gulch at the farthest end of the loop trail. There are multiple benches along the hike to relax and take in the views. There is a moderate climb back up to meet your guide but the scenery is unbeatable. Your guide can facilitate other hiking options.

This afternoon we will depart north to the Golden Heart City of Fairbanks. Upon arrival in Fairbanks we will have a dinner stop. You can enjoy the rays of the midnight sun.

(Continental Breakfast included based on accommodations – Sack Lunch provide. Dinner not included, restaurant stop provided)

Begin your day by visiting the University of Alaska's Museum of the North where you will get a chance to immerse yourself in stories about Alaska's peoples, explore 2000 years of Native art, artifacts and Arctic wildlife. On our way to our lunch stop we will check out the black gold that fills the Alyeska Pipeline, flowing almost 500 miles from Prudhoe Bay to Valdez! This afternoon offers a chance to strike it rich and learn more about Alaska's gold mining history at a historical Gold Dredge that operated from 1928 to 1959 and was used to extract millions of ounces of gold. **Schedule may swap activity dates/ times depending on departure for Gates of the Arctic & Kobuk Valley.*

Six times the size of Yellowstone, Wrangell-St. Elias National Park encompasses 20,000 square miles of mountain wilderness. It includes nine of the sixteen highest peaks in the US, the largest concentration of mountains over 14,000 feet in North America. Next, a ride to the Old Historic Copper Center, you will enjoy a step back in time. Visit the old museum, highlighting life at the turn of the century, deep in the wilderness of Alaska. ACCOMMODATIONS IN KENNICOTT

DAY 9: MCCARTHY TO VALDEZ: This morning is a day at leisure to enjoy one of many activities highlighted at the previous evening's presentation. A breakfast is available for purchase in the main dining room. Next, you can walk on a gravel roadway out to root glacier (about 6 miles roundtrip) at your leisure, so you can stop along the way for photo opportunities. Or enjoy a leisure walk around the copper mill area. Look for the rocks, brightly colored with blue azurite, green copper and white quartz. You can choose to participate in an optional Kennicott Town & Mill Tour and hear of the history of the ore mining operations between 1910-1938. The Kennicott Mine produced and milled 200 million dollars' worth of copper ore, copper & silver or explore the town of McCarthy.

At 12 PM, enjoy a drive down to the VERY small town of McCarthy. McCarthy bloomed as the service town for Kennicott. Hotels, stores, pool halls and other "entertainment" made up the bustling Alaskan town. At its peak, McCarthy had around 500 buildings of which a handful still remain. When Kennicott ceased operation and the last train left in 1938, McCarthy slowly died. The area is now home to approximately 25 – 30 year-round residents and has become a popular destination for many travelers from around the world. Later this afternoon, enjoy another opportunity to flight see again on your return to Chitina. Your excursion continues through the Copper Basin with a stop to view Worthington Glacier – known as one of the most photographed glaciers due to its stunning surroundings, this glacier stop offers time to hike or sit and take in the surroundings.

VALDEZ: As we travel over Thompson Pass and then into Keystone Canyon, some of the most beautiful waterfalls in Alaska reveal themselves. Photo stops will offer time for even the novice to capture stunning vistas. This evening arriving in Valdez, after time to freshen up, "mosey" into the local on-site restaurant for dinner (meal not included) and a night of fun and laughter with a touch of local flare.
